Rushing to Redistrict

City Clerk Barbara Jo Ronemus
City of Las Vegas, Nevada

We need more time – time to absorb, study, analyze and critique the plan being formulated to redistrict the Wards of the City of Las Vegas. There has been no opportunity for the citizens of Las Vegas to participate in this very important decision. With this plan, Wards will be arbitrarily increased or decreased and citizens can be represented by a Councilman they did not have a voice in electing. Some districts will not receive proper representation or tax benefits. Ward One will be left with virtually no development or redevelopment. Why has this not been discussed with the citizens of Las Vegas via neighborhood meetings, ward meetings or other public forum. If neighborhood meetings noticed by the city can be held with developers, etc. why can't this most important subject also be put forward for discussion. As this proposed redistricting is being done quickly and quietly, it appears that public opinion is not wanted or solicited.

Respectfully submitted,

Jean Y. Zorn
President, Rancho Manor
Neighborhood Association
702 382-7686

Hey! Good O'Boy

Enough is enough, we have endured everything you and previous councils have thrown at us.

Notices should have been sent to all of Ward 1 residents, in regards to this redistricting of our Ward. Looking at your map, giving us the Rainbow Curve, are we going to put buildings on the freeway get real.

I always thought the large districts were to be made smaller not larger. I think it is time to cut the large districts and add more council members

Why are you hiring out of State people they have no idea what Ward 1 needs as apparently you don't either.

Ward 1 Resident
Ms Patterson

Subject: Opposition to the Current Proposed Plan to Redistrict

The proposed redistricting of Ward 1 (my community) raises certain questions and objections. 1. Who initiated this proposal, and when was it opened for discussion? 2. Who proposed specific "cuts" to be made to districts and what was the basis? 3. Why wasn't this proposal in the public forum so that the community could be aware of the issue under discussion? (I may have answered my own question.) Proposals that have impact and bearing on our communities should be discussed in open forum not announced as a final upcoming meeting in today's Sunday RJ.

I oppose the current plan for redistricting.

Dear Mayor Oscar Goodman,

I'm writing you today to show my support for the efforts of City Councilwoman Lois Tarkanian in preserving Ward 1 during this most recent redistricting effort. I have lived in Ward 1 and participated in several neighborhood efforts in Ward 1, and the citizens of Ward 1 have unique community interests that I think need to be considered in this redistricting decision.

I currently live in Ward 6, and I can tell you the issues and concerns in Ward 6 are much different than the issues and concerns in Ward 1. Ward 6 struggles with growth and the ever declining open space we all moved into the Ward to enjoy. While Ward 1 must worry about aging neighborhoods, Project Neon, and the ability to find new development to pay for the parks, and redevelopment along Charleston that is so badly needed. The proposed redistricting plan takes away from Ward 1 the new growth areas in downtown and the potential for the loss of a new and emerging cultural soul that belongs to Ward 1, if not by seniority, but by proximity.

In addition, Councilwoman Lois Tarkanian is a strong, independent and compassionate voice for Ward 1. Her votes on many key issues before the City council have reflected accuracy and foresight, while not being in the majority. I think a strong voice is needed in Ward 1, but she must also have the tools to provide for growth and redevelopment in her community.

In closing, I urge you to take into strong consideration the knowledge and commitment Lois Tarkanian has for Ward 1 and support her opposition to the redistricting.

Respectfully,

Lisa Mayo-DeRiso

I am writing to express my opposition to the current proposed redistricting plan. There has been no opportunity for true informed public input. I feel that the city should set up several meetings around town to explain the proposed redistricting plan and answer any questions concerned citizens may have. Today's meeting, without proper notification, gives the impression that you want the proposed redistricting done quickly and quietly, because you do not want the public's input.

It appears that Ward One's boundaries are changing dramatically from its historical configuration since being established in 1975. Ward One will be the only Ward with virtually no development or redevelopment. If this redistricting is approved, my area of Ward One will have it's fourth representative in 4 years.

It appears that the proposed configuration is political precinct shopping, not redistricting to address growth in the Wards. The proposed plan took the most population from the smallest Ward and does not address growth in the developing Wards. Ward 1 will have virtually no Residential Construction Tax, since it has no new development. These tax revenues support parks and other services needed in older urban areas. Redistricting should be based on planned growth and stability for the entire city.

Re: WARD 1 REDISTRICTING

Dear City Clerk:

As residents of Ward 1 for thirteen years, and registered voters during all that time, we highly oppose the plans to shrink our ward. We do not want any ward to be placed in a zero-growth capacity. Additionally, we consider it suspicious, even shady and cruel to separate the newly created Arts District from our ward. Every ward in the city deserves a position of strength on the City Council board. Every ward deserves respect and positive growth. We live in the heart of the city—but it can't beat without its arteries. If you cut off the heart from its arteries, each suffers.

Please recommend opposing the currently proposed redistricting of Ward 1. We place our trust in you.

Sincerely,

Dennis K. Meservy

Dear Mayor Goodman:

This letter is in regard to the proposed redistricting of Ward 1. The whole rushed process leaves a lot to be desired. The constituents / voters don't really have the opportunity to give input.

I personally cannot come to the July 26th meeting because I work.

There should be "town hall" type meetings in the Ward so residents would be able to voice their concerns. They should be scheduled at a more convenient time so more residents could attend. People could then view the maps showing the proposed redistricting.

Why is the City Council in such a hurry to pass this very controversial redistricting?

Sincerely,

Bob Goldstein

Ward 1 Citizens Against Proposed City Council Redistricting Plan

We believe the redistricting of Ward 1 should take into consideration much more than population. This decision must be based on the common interest of our communities, and the economic interests that will allow our community to have access to new development, tax revenue, parks, and culture.

The proposed plan is NOT in the best interest of the citizens of Ward 1

PETITION CITY OF LAS VEGAS

We, the undersigned are opposed to Bill No. 2006-38, the current proposed redistricting of the City of Las Vegas Ward boundaries. City residents who have voted for and appreciate the service of their elected representatives are being shifted from one ward to another without a sufficient and adequate opportunity to make their feelings known.

PETITION CITY OF LAS VEGAS

RECEIVED CLERK 2006 JUL 26 A 10:03

We, the undersigned are opposed to Bill No. 2006-38, the current proposed redistricting of the City of Las Vegas Ward boundaries. City residents who have voted for and appreciate the service of their elected representatives are being shifted from one ward to another without a sufficient and adequate opportunity to make their feelings known.

We, the undersigned are opposed to Bill No. 2006-38, the current proposed redistricting of the City of Las Vegas Ward boundaries. The currently proposed configuration is not a fair and balanced plan. The proposed plan is discriminatory and threatens the future viability of Ward One.
