I respectfully submit my support for the above referenced planed amendments that is being brought before the City Council on August 16, 2006.

It's about time for some one to do something with the empty lot on the corner of Upland and Cory Place. I live within ¼ of a block of this intersection. I get lots of dust from this empty lot as youths use the lot the run their motor bikes across it. The dust they make seems to filter right into my back yard pool.

I really think making affordable apartments is better than more 300 or 400 thousand dollar homes.

Thank you for honoring my input.

There seems to be no hardship or unusual aspect here. The land is perfectly suitable for R1 development which would make for a nice addition to the neighborhood as well as a decent profit for the land owners. Dexter Park is a nice jewel of this neighborhood but is small and might well be unable to absorb the traffic of an apartment complex scarcely more than a 100 yards removed and lacking in its own recreational space.

Thank you.
Sincerely,

Jeff Bishop

8-15-2006

Mayor Goodman,

I am a life time resident here in Las Vegas, a local business owner at 5736 W Charleston & also a property owner of 1716 Danville Street & 5801 Evergreen Avenue. All of which are located right in the area of this proposed apartment complex.

Protest

I am highly opposed to a complex of this type being put in my neighborhood.

The developer claims these units will be high end apartments. How can that be??? No parking, no pool, no rec room, there is nothing to support the claim.

Our business complex, El Jardine Plaza, an family owned Mom & Pop business. Most of us have been there 10+ years. We do not deserve all the added hardships a complex with such high density will bring.

The complex of 48 units is not an asset to me as a business owner or as a property owner.

Thank you
Pamela Spittell

RE: GPA 13894 Neighborhood Meeting at Club Charleston

FAX: 702-382-8558

NO. OF PAGES: 6 (including this page)

MESSAGE:

Per our conversation, the following pages contain the names of most of those in attendance at the neighborhood meeting that took place at Club Charleston on Monday, August 7th. (Some had to leave before an attendance sheet was started.) In total, I counted 72 heads at the peak of the meeting.

Pages 1, 2 and 3 provide the name and address or telephone number of most of the attendees.

Pages 5 and 6 are the first attendance list we started before realizing that people were not providing contact information as Lois Tarkanian had requested. Therefore, some of the names will be duplicates of pages 1-3.

If these pages do no fax clearly, please contact me at 240-0515.

Sincerely,

Peggy Garcia
