Protest

City Council

I object to special use permit, SUP-11444 and Variance VAR 13505. Being a home owner adjacent to proposed development, the Variance will allow additional noise at my doorstep, as well as lighting and traffic congestion. Regarding special use permits, we homeowners never envisioned high rises in our vicinity. These will visibly detract from our view and reduce home values.

I adamently propose rejection of SUP11444 & VAR13505 due for hearing July 12th.
