TO: City of Las Vegas Mayor Goodman, Mayor Pro Tem Reese and Council Persons Barlow, Ross, Steinman, Tarkanian, and Wolfson.
FROM: Charleston Neighborhood Preservation, a City of Las Vegas neighborhood.

SDR-31749 is item #85 on this days CLV City Council Agenda about which we have questions to clarify these proposed actions for We, the taxpayer people.

Why were the 3 little words, "New City Hall" not used in the agenda description?
Who approved the 3 owners?
Are the 3 LLCs three different folks or the same folks or 2 and 1 or?

Respectfully we request your DENIAL of SDR-31749 which is CLV Agenda item, #85 because:

>at least one neighborhood group has been denied the right to speak to resolution items leading to the extravagant and prodigal use of our precious tax dollars, 267 million of them,

>because $1 million of them were plucked from the refurbishing of THE OLDEST POOL IN LAS VEGAS at Garside Junior High on South Torrey Pines Drive, truly a needy area of this fair city!

>because you had them placed on "CONSENT" sections of the agendas.

>When request was made of the group's councilperson, those requests were seemingly ignored because counsel made no comment when the mayor posed the removal question,

>which thus retained the 'CONSENT' designation for the voters-- Mayor, Mayor Pro-Tem and Councilpersons,

>maintaining No Public Comment which is denial of speaking to these resolutions prior to The Approval Vote by the council.

>We request DENIAL of the waiver from these *recently approved requirements* to allow "BUILD TO LINE" because of aesthetics which putting plants on a wall just does not remediate.

>Also, respectfully we request DENIAL of the waiver from these *only recently approved* requirements, to allow AERIAL ENCROACHMENT LIMITATION. With our county facility being an easy target, we certainly do not want a prominent city government facility in a proximate location!

With Expectation of Your Consideration,
CNP President June Ingram and CNP Board
